WHO costing and budgeting tool for national action plans on antimicrobial resistance

The Defeat NCD Partnership

Type:	Course
Location:	Web-based
Duration:	2 Hours
Programme Area:	Other
Website:	https://whoacademy.org/coursewares/course-v1:WHOAcademy-Hosted+H0043EN+H0043EN ...
Price:	\$0.00
Event Focal Point Email:	globalhealth@unitar.org

BACKGROUND

The course will provide you with the basic knowledge to understand key components and functionality of the WHO costing and budgeting tool for national action plans on AMR.

The tool enables countries in costing prioritized activities of an operational plan linked to their AMR national action plan, and identify existing funding and funding gaps to promote resource mobilization and sustainable implementation.

The course is composed of 8 modules including short videos, quizzes and activities.

Approximate course duration: Approximately 2 hours.

Languages

This course is available in the following languages: English | Español | Français.

EVENT OBJECTIVES

- recognize key components and functionality of the WHO costing and budgeting tool for national action plans on antimicrobial resistance;
- correctly complete different tabs of the costing and budgeting tool based on a dummy national action plan operational plan;
- generate graphs and tables to summarize costed and budgeted national action operational plans;
- utilize correctly the WHO consolidator tool to combine different costed plans into one.

TARGETED AUDIENCE

Healthcare workers
